

SKILLS

TOOLS

Adobe Creative Cloud (Ai, Id, Ps, Lr, Br)
Figma + Adobe Xd
GitHub + revision control
Python
Blender + 3D
HTML + CSS
Final Cut Pro + Adobe Premiere Pro
Microsoft Office

CONCEPTUAL

User Flows
Prototyping
UX Research
Site Mapping
Wire-framing
Empathy Mapping

SOFT SKILLS

Teamwork
Creativity
Leadership
Adaptability
Organisation
Collaboration
Communication
Problem-solving
Time Management

CERTIFICATIONS

ADOBE PHOTOSHOP **2023**
Adobe Accreditation

ICT I/CDL QUALIFICATION **2022**
Coventry University

ROCKET SCIENCE **2019**
TLM L2 Certification

HOBBIES

Blender, Technology, Gaming, Movies,
Music, Photography

ABOUT ME

Creative, detail-oriented, first class Graphic Design graduate with a passion for UI, UX and web design. I enjoy coding websites and I have a keen interest in entering app/web design and development. I am enthusiastic about 3D modelling, rendering and augmented reality in Blender. I enjoy photography and videography and capturing the world.

WORK EXPERIENCE

DESIGN INTERN - BOW WOW INTERNATIONAL SEPTEMBER 2022

Animated a car driving on a path using Blender (rigacar), 3D modelled the mountainous terrain surrounding the path. Worked with a small team to implement story into animation.

SUPPORTING STAFF - ST MATTHEW'S PRIMARY SCHOOL APRIL 2018

Supported staff with classroom preparation, worked alongside pupils to help them with their learning.

EDUCATION

BA GRAPHIC DESIGN - COVENTRY UNIVERSITY 2021 - 2024

Completed assignments on branding, typography, printed publication, video editing, UI/UX design, web design + development and blogging. Leading the website team consisting of 4 of my peers, I allocated tasks and managed deadlines designing the website for my graduate degree showcase and I coded it by myself in Visual Studio Code using pure HTML, CSS and JS - available at justdesign.show.

Honours First Class in Graphic Design
Course Tutor's Prize for overall excellence and endeavour

A LEVEL - KING EDWARD VI COLLEGE 2019 - 2021

Maths, Physics, Computer Science - Pass
